UNE SOLIDARITÉ À BÂTIR

"Compagnons Bâtitseurs" (CBF) is an NGO founded in 1957 . Its aim was to help people after the World War II to rebuild and renovate homes. From the very beginning, CBF has been putting the principle of solidarity into practice by building and learning together, as well as promoting peace and better understanding between people from all over the world and regardless of their situation. Today CBF is a network composed of one national organization and 12 regional organizations in France.
