ESC volunteering project at animal shelter "Lesė"

About organization

Back in 2007, the organisation was founded by volunteer's animal lovers, who started to shelter homeless animals at their homes and advertise them for adoption. In 2008, "Lesè" opened a proper animal shelter and since then has adopted over 6 500 animals.

Organizations goals are:

- Reducing the number of unwanted pet animals in a humane way;
 - Finding new homes for homeless animals;
 - Promoting the society awareness and stopping cruelty against animals;
- Establishing an animal shelter meeting EU standards and creating an effective animal rescue system.
